- Make a poster showing all this week’s phrases (encore ; maman, papa ; vraiment ... ; tant pis ; nan); underline the “en/an” sounds or write them in a different colour so you can see them really well. Enjoy practising reading them out loud!
- Look back at the other posters you have made. Can you spot a “en/an/em/am” sound in any of the other words? Please underline them too, when you do! Your posters must all be looking very colourful now!!

Days 6 & 7: have a break or go back over your favourite bits!

Extra activities:

- [Click here for a video about the sound “AN” in French, as found in all the phrases above;](#)
- [Click here for this week’s French nursery rhyme... about elephants swinging on a spider’s web!](#) It is great for more practice of the “AN” sound in French, but a lot more too!
