- Make a poster showing all this week’s phrases (miam miam, qu’est-ce qu’il y a ?, ça y est, c’est la meilleure, mon œil); underline the “y” sounds (I + vowel, y, il, ill) or write them in a different colour so you can see them really well. Enjoy practising reading them out loud!
- Look back at the other posters you have made. Can you spot a “y” sound in any of the other words? Please underline them too, when you do! Your posters must all be looking very colourful now!!

Days 6 & 7: have a break or go back over your favourite bits!

Extra activities:

- [Click here for a video about the sound “Y” in French, as found in all the phrases above;](#)
- [Click here for this week’s French nursery rhyme... about a frog and rain!](#) It is great for more practice of the “Y” sound in French, but a lot more too!
