

Below is a suggested schedule so that over the 40 weeks of the school year the children find out about:

- the 29-French speaking countries of the world;
- key dates: mostly French Bank Holidays.

Click on each country for a video about giving you background about its national day, what they celebrate on that day and how French is spoken there. Feel free to add your own research too. If you find any great resources, please email me them at [nathalieparis@nattalingo.co.uk](mailto:nathalieparis@nattalingo.co.uk) !

Click on other events for ideas on how you can mark them in class.

Happy learning!
